

I-1C

District Schedule

1 INTENT AND OVERVIEW

1.1 Intent

The primary intent of this schedule is to encourage employment-intensive light industrial uses on lower levels with compatible office and service uses above. Limited retail uses at grade are permitted to activate the street frontage, subject to the limitations in this schedule. The uses, building height, density, and form in this schedule provide a transition between adjoining residential, commercial and light industrial districts. Applications must demonstrate that industrial uses comprise a minimum of 33.3% of the net floor area, including all other uses combined.

Without limitation, applicable Council policies and guidelines for consideration include the [Mount Pleasant Employment-Intensive Light Industrial Rezoning Policy and Guidelines \(I-1C\)](#).

1.2 Overview

The table below provides an overview of outright and conditional approval uses in the I-1C district, categorized by the minimum site area required, where applicable. Applicable density, form and placement regulations in section 3 of this schedule are cross-referenced in the third column.

Minimum Site Area	Use	Density, Form and Placement Regulations
--	All uses in section 2.1 of this schedule	3.1

2 USE REGULATIONS

2.1 Outright and Conditional Approval Uses

All outright and conditional approval uses are subject to all other provisions of this by-law, including [Section 2](#), [Section 10](#) and [Section 11](#), and compliance with the regulations of this schedule including section 2.2.

The uses identified in the table below as outright approval uses are permitted in this district and will be issued a permit.

The uses identified in the table below as conditional approval uses may be approved in this district, by the Director of Planning or Development Permit Board, with or without conditions, if the Director of Planning or Development Permit Board considers:

- (a) the intent of this schedule and all applicable Council policies and guidelines; and
